#IMASTURBATE

SMART SILENCE

NEXT only turns on when it's almost touching your skin. Smart Silence will be turned on by default. Please note that when switching on your Womanizer you do not touch the stimulation attachment, since otherwise, the Smart Silence function is not guaranteed.

Smart Silence On/Off
press for 2 seconds

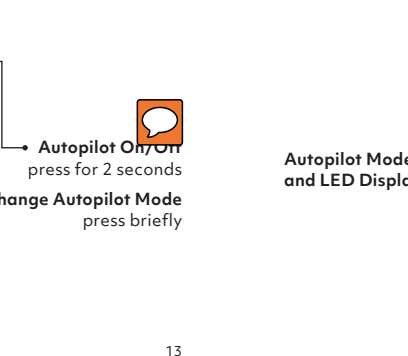

NOTE: STANDBY MODE
When Smart Silence is activated, the product will switch off automatically after 30 minutes if no activity is detected on the toy's controls.

11

AUTOPILOT

Give up control and be spoiled by your Womanizer.

Pressing the Autopilot button for two seconds turns the Autopilot on. The device provides haptic and auditory feedback. This tells you that the Autopilot is on. The same happens when turning it off.

Autopilot On/Off
press for 2 seconds
Change Autopilot Mode
press briefly
